

Grades Teacher Job Description

Waldorf-inspired education and more. That's us at Greenwood School.

Founded in 1993, Greenwood School is a dynamic, forward-thinking, K-8 school located in downtown Mill Valley, California - a few blocks from the Bay Area's beautiful redwoods. As Marin County is at the forefront of the environmental and sustainability movements, Greenwood School offers a unique Nature and Environmental Studies (NEST) program that allows students to spend abundant time in nature. Grounded in the wisdom of Steiner education, and embracing best contemporary educational practices, Greenwood School also provides a rich experiential and academic curriculum that is thematic and age-appropriate.

Our professional environment is collaborative and caring, with an emphasis on reflective practice and team cohesion. Colleagues are professional and supportive with an administration, board of trustees, and parent community that work hard to create optimal working conditions. Compensation is excellent and based on training, credentials, and experience. Excellent benefits include medical and dental insurance, as well as a 403(b) retirement savings plan. Waldorf training and public school credentialing are both preferred - though not required. Dually trained applicants are highly encouraged to apply.

Greenwood teachers are committed to:

- cultivating students' initiative, collaboration, self-confidence and ethical behavior
- offering experiential learning opportunities that support and enhance the academic program
- engage children with nature and build social skills
- differentiated learning
- diverse spiritual and cultural traditions

In sum, the ideal applicant is open to innovative curriculum and pedagogy, embraces a growth mindset, is receptive to feedback and coaching, and enjoys working collaboratively with colleagues, the Head of School, and parents. It is important for our teachers to bring joy, gratitude and a can-do attitude to their work. Learn more about what we do at greenwoodschooll.org. Candidates who feel authentic alignment to this job description are highly encouraged to apply with a resume and cover letter to resumes@greenwoodschooll.org. We are looking to fill all positions immediately.
