

Re: Early Childhood Assistant Teacher for 2018/2019 School Year

Morning Tree School is seeking a new Early Childhood colleague for this coming school year.

We are seeking an Assistant Teacher to work with the Lead Teacher of our mixed ages Kindergarten class who is enthusiastic about Waldorf education and interested in contributing to our child centered program. The ideal candidate will either be an experienced Waldorf teacher who wants to help us to grow our early childhood program or someone relatively new to Waldorf education who loves working with young children and is willing to grow and learn on the job.

We are looking for someone who would be willing to meet the needs of a rapidly growing community that is mostly new to Waldorf education, but highly enthusiastic about it, and eager to learn more.

Morning Tree School is located on seven stunning acres in the City of Walnut Creek, California, with close access to major highways 680 and 24. In addition to enjoying outside play here each day, we are fortunate to have well developed gardening and farming programs on our beautiful site.

We benefit from a supportive administration and a well-rounded Board of Directors drawn both from within the School and from the wider community. We are open and transparent in all areas of governance and are committed to deepening the understanding of our work through ongoing anthroposophical study. Parents are encouraged to be actively and meaningfully involved in all areas of school life. We are committed to warm, supportive, ongoing mentorship in order to ensure success in the classroom and also to supporting continuing education for our teachers. We believe in living the ideals we model for the children.

If you are interested in beginning or continuing your career in a young school that strives to live and work through these ideals, please contact:

Fiona Stewart
