

Golden Bridges School

Seeking Dedicated Faculty and Staff

www.goldenbridgesschool.org - jobs@goldenbridgesschool.org

Golden Bridges School is a small, groundbreaking school, founded in 2013 by Waldorf-trained teachers.

We currently serve preschool - 6th (growing to 8th), with 95 students and 25 staff members in San Francisco's Portola neighborhood. Our urban farm is in Mission Terrace and outdoor classes and hikes are in McLaren Park.

GBS takes a fresh look at Waldorf education, asking what the children of today, in San Francisco, need from teachers and education. One major result of this question is the development of a robust outdoor curriculum. Preschool and Kindergarten rotate through an indoor classroom, urban farm, and hiking days. Grades classes are indoors for Main Lesson and some subject classes and outdoors in large parks, at the school farm, or on field trips.

We are also dedicated to becoming an anti-racist school - committed to social justice, internally and externally - that is inclusive and welcoming to all. We incorporate both anthroposophy and social justice to delve deeper into interrupting Euro- and White-centric curriculum to bring equitable teaching practices and anti-racist policies into the classroom and school life. We ask that teachers be interested and on a path of exploring both anthroposophy and social justice.

It is the operational policy of Golden Bridges School not to discriminate against any person on the basis of race, color, national origin, religion, sexual orientation or affectional preference, age, or handicap in any of its policies, procedures, or practices. This policy of non-discrimination covers school programs and activities, including but not limited to: academic, admissions, financial aid, educational services, and employment.
