Computer Science Teacher
One Main Lesson Block – Spring 2020

This is a temporary, part-time position.

The San Francisco Waldorf High School seeks an enthusiastic teacher or graduate student to teach a computer science main lesson block to our 10th grade class. The curriculum is already designed, but we have the flexibility to make some changes depending on the contributions of the teacher.

A sense of humor, a belief in the capacities of all students, the ability to teach to a wide range of student abilities and sound classroom management skills are essential. Waldorf teaching experience preferred.

Dates/Time:

- Monday through Friday from April 20, 2020 – June 9, 2020 (35 days)
- No classes on May 11 and May 25.
- 8:15 am – 10:00 am

Compensation: $5250 flat rate for the block.

The teacher is responsible for taking daily attendance and for providing a narrative evaluation and grade for each student at the end of the block. The compensation above includes the time needed for writing the required student assessments and reports.

This is a temporary, part-time position and carries no benefits other than those required by San Francisco.

Our high school is located at 470 West Portal Avenue in San Francisco.

Please send resume and letter of interest to jobs@sfwaldorf.org

San Francisco Waldorf School is an equal opportunity employer that does not discriminate based on race, ethnicity, age, gender, or any protected class. We recognize that the range of ethnicities, nationalities, languages, socio-economic backgrounds, sexual orientation, learning differences, and life experiences within our community enhance the school's learning environment, and we are committed to fostering equity and inclusion. All minorities are encouraged to apply.
