

Sixth Grade Teacher

Heartwood Charter School is seeking a qualified and motivated individual to teach our sixth-grade class for our upcoming 2021/22 school year. This is a lovely, small, well-formed class. Most of the children in it have been together and with the same teacher since first grade. Our ideal candidate would have 6th through 8th grade experience in Waldorf education and would take this class through the next three years of their elementary schooling. A California State teaching credential is preferred but not required for this position.

We are seeking teachers who are innovative, creative, flexible and ready to join us wholeheartedly in continuing to develop a unique Waldorf-based public charter school.

About us:

Heartwood Charter School is a Waldorf-based charter school. We are a growing K-8 program. Our campus is nestled on the edge of West Marin in a small valley surrounded by 150 acres of wooded hills, trails, waterfalls and seasonal creeks. Our classrooms reside in historic buildings, a cozy red barn, and embracing yurts.

Our initiative is sustained by innovative pioneers and warm-hearted, dedicated parents and teachers. We, the members of this educational community, are courageous, enthusiastic, bold, kind and a bit wild at heart. We believe that education should be based on holistic child development and involve a living connection with both the arts and the natural world and that there should be no limits on access to education.
