### *About Summerfield Waldorf School & Farm:*

Summerfield spans all of childhood, preschool through twelfth grade. Sprawling over 38 acres, we have one of the most extensive Waldorf programs on the continent including a fully operational Biodynamic farm and a vibrant circus program. We make every effort to educate the whole child in practical arts, movement, agriculture, social inclusion, artistic work, and a rich festival life. Our students love coming to school every day as much as their teachers do!

The school (est. 1974) is located in beautiful Sonoma County, just 60 miles north of San Francisco. We enjoy an idyllic Mediterranean climate with spring-time fields of wildflowers, hot summers cooled by ocean fog, rich autumn light on vibrant harvest colors, and wet, green winters. Sonoma County is home to ancient redwood forests, stands of mighty oak, and scenic, rugged coastlines. Picturesque orchards, vineyards, and dairies abound. Many of our hills and mountains are still truly wild and offer hikers and bikers miles of trails to explore. Sonoma County has also become a haven for food enthusiasts, offering some of the best restaurants and wines in the world. Many local farmers are using organic and Biodynamic methods, with their bounties found in our markets and restaurants. This is the setting our students and families enjoy!
