Summer Program 2015

Nurturing Family Life

For Adults and Children

July 6-10th, 2015

Bring the life and beauty of Waldorf Education into the Home.

Join us on the beautiful Marin Waldorf School campus this summer for inspiring workshops, enlivening arts and enjoyable crafts for the whole family!

We will start the day together, then divide into adult workshops and day camp for children. After lunch, children and adults will work together on arts and crafts projects.

Our faculty brings a wealth of Waldorf experience as parents, teachers, artists and adult educators.

A week to gather riches that both adults and children can take home.

**Consider Waldorf.
Nourish Yourself.**
